DETAILED ACTION

1. Applicant's amendment filed 3/27/08 overcomes the rejections over the Sung and Sung in view of Ohtani set forth in the office action mailed 12/28/07. However, a new rejection under 35 USC 112, first paragraph, necessitated by the amendment has been set forth below. The previous rejection under 35 USC 112, first paragraph has also been maintained, as has the rejection of claim 5 over Watts in view of Kinoshita and Bloch.

Claim Rejections - 35 USC § 112

2. Claims 1-2, 4, and 6-8 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. This rejection is adequately set forth in paragraph 3 of the office action mailed 7/12/07, which is incorporated here by reference.

3. Claims 1-8 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 1 and its dependent claims have now been amended to prohibit component (c) from containing COOH or COO⁻ moieties. There is

no support for this exclusion in the application as originally filed, which makes no mention of these moieties. The mere absence of a positive recitation is not basis for an exclusion.

Claim Rejections - 35 USC § 103

4. Claim 5 is rejected under 35 U.S.C. 103(a) as being unpatentable over Watts in view of Kinoshita and Bloch.

This rejection is adequately set forth in paragraph 8 of the office action mailed 8/15/06.

Response to Arguments

5. Applicant's arguments regarding the rejections set forth in paragraphs 2 and 4 above have been addressed in several places, including paragraph 6 of the office action mailed 12/28/07 and paragraph 6 of the office action mailed 2/23/07.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
